

"S" SERIES - TABLETOP ULTRASONIC CLEANERS

Continuing the Sonicor forty-year traditions of quality, performance and reliability, The Sonicor "S" series combines the rugged durability of Sonicor ultrasonic generator technology, and piezoelectric composite transducers, in an attractive powder coated steel cabinet. The "S" series is available in capacities from ¼ gallon (1 liter) to 10 gallons (39 liters). A complete line of Sonicor options and accessories, including heaters, timers, covers, baskets and insert trays, is offered to suit every precision cleaning application.

Standard Features:

- 0-60 minute mechanical cycle timer *
- External contact tank heater **
- Compact one piece construction
- Seamless, round cornered stainless tank
- Drain valve (5 quart models and larger)
- Easy to use controls
- Rugged steel cabinet with textured powder coated finish

Available Options & Accessories:

- Stainless baskets, covers & insert trays
- Variable ultrasonic intensity control
- Digital Model features adjustable temperature setting up to 160 degrees Fahrenheit & display with digital timer (0-99min or continuous run)

* Heater not offered on S-30 series

** S-650TH provided with a heavy-gauge, square cornered tank
